

Job Title: Construction Technician	Reports to: Director of OSP
Department: Outside Plant	Classification: Hourly

Position Overview/Description:

This is an outside construction position that will be required to operate machinery, work in extreme temperatures, and occasionally work with the public. You will be using tools and machinery to place fiber and copper cable in the ground. Because this position involves installing fiber and/or copper to customer homes, you will be required to deal with customers and are expected to be respectful of the property that you are working on. This position requires extensive travel and occasional overnight stay.

Essential Job Requirements:

- Be able to lift 50lbs repeatedly throughout the day
- Work outside in both heat and cold
- Good MVR (Motor Vehicle Record) CDL Preferred

Preferred Qualifications:

- Equipment operating experience (Ditch-witch, Backhoe, Trencher, etc.)
- Background in placing fiber and/or copper cables
- Background in Construction

Company Benefits:

Beehive offers Competitive Pay, great benefits including Medical, Dental, Paid Time Off, 401k, Gym Reimbursement, Free Internet, Advancement Opportunities, Fun Corporate Culture, Weekends and Holidays Off, and much MORE!
